2365 LED Flex Neck Flashlight

DIRECT LIGHT WHERE YOU NEED IT

The new 2365 LED flex neck light from Pelican lets you shine light where it's needed. Whether you are working in the engine bay of your car or under the fuselage of a jet, the 2365 ensures you can work hands free in bright LED light.

A magnetic base attaches metal surfaces and the 15" flexible neck directs 65 lumens of bright LED light. A push button tail switch activates the efficient 2365 for 7 hours of burntime on two standard AA batteries.

The new 2365 by Pelican allows you to be flexible at work.

Body Material: Aluminum with Type II Anodized

Minimum Pack 6 ea.

Black
